

Energy Policy and Planning Office, Ministry of Energy

Announcement

Anti-Corruption Intent

The government under Prime Minister General Prayut Chan-o-cha places importance on the issue of corruption and misbehaviors in government sector. By believing that the solutions begin at an individual level, the government focuses on embedding ethics and morals in officers' minds as well as building Good Governance as the main morality in terms of management. Accordingly, executive officers, government officials and staff from Energy Policy and Planning Office, Ministry of Energy would like to collaborate in working against corruption by building our organization to become "EPPO Zero Corruption" Our focus is not only to protect and suppress corruption, but also to underpin the significance of morale building and organizational transparency. On that account, we would like to announce our declaration of intent to achieve the goal as follows;

1. Will fulfill one's duty with integrity.
2. Will maintain one's sense of honor and dignity.
3. Will hold justice as the main principle.
4. Will restrain oneself from taking personal advantages from the country.
5. Will adopt His Majesty King Bhumibol's Philosophy of Sufficiency Economy.
6. Will always be along the side of integrity to lead the organization to sustainable development.

Please be informed accordingly
